Five Ford models that American car shoppers want

The car hunt can be a very exciting time, and here at Buerge Ford, we are all very excited to show off the great product line that Ford has to offer. With so many great options in our inventory, it's easy to feel overwhelmed. However, we want to make the car shopping experience an enjoyable one, so we're sharing some insights with you to help you determine which cars are the pick of the litter.

Which Ford model is the one for you?

Consumers looking for a [Ford Escape near West Los Angeles](#) should know that the Ford Escape Titanium has become quite the popular small SUV among U.S. car shoppers. With interior features like SYNC® and MyFordTouch® and a full safety package, it's hard to say no. Consumers who don't need as much cabin or cargo space might enjoy the 2013 Ford Focus SFE or the 2013 Ford Fusion Hybrid, which have both become top-selling models among the brand's product lineup.

If you're an eco-friendly driver, check out the 2013 Ford C-MAX Hybrid. The model features C-MAX Energi Technology, and designed to deliver maximum efficiency by combining an advanced state-of-the-art battery and electric motor with a gasoline engine. Drivers who enjoy a little "giddy-up" will definitely love the fan-favorite 2014 Ford Mustang, packed with a 5.0L V8 engine that delivers a whopping 420 horsepower.

Whatever your preference is, we've got a car to suit your needs here at [Buerge Ford](#). For a chance to get your hands on one of these noteworthy models, hurry on down and consult one of our sales team members. We'll be eagerly waiting to assist you.
